Step  
**05**

## INSPECTION

Upon receiving the products, the S.A. team will verify them and initiate the exchange process for eligible items.

Step  
**06**

## EXCHANGE

S.A. will generate an invoice for the additional excise duty and email it to the customer.

Customers are expected to pay the invoice within 48 hours so S.A. can minimize backlogs.

Only after receiving the required payments, S.A. will ship the provincially stamped products back to the customer.

## LIMITATIONS

- Given the complexity of the tax transition process, S.A. has meticulously prepared for the exchange procedure. Consequently, **S.A. will not accommodate any exception requests** for non-eligible products or purchase periods.
- Only unopened and intact packages will be exchanged (single pieces or displays are accepted). **Any defective/damaged or additional items sent in this process will not be considered and will not be S.A.'s responsibility.** S.A. cannot guarantee the storage or return shipping of any unapproved products. **Any additional products will be disposed of.**

## ACKNOWLEDGMENT

- The customer acknowledges that they have **read and understood** the exchange process.
- The customer also acknowledges that **the exchange process may be challenging for the S.A. team** due to potentially unforeseen volumes of requests and **agrees to cooperate with the S.A. team throughout the process.**
